

# The three components of a quotation

## (1) The quoted statement

This can either be reproduced unchanged (direct quotation) or, as in this example, reformulated (indirect quotation).

**In Text** Bei dem Verarbeiten wissenschaftlicher Literatur ist es  
**(Example)** wichtig zwischen relevanter und nicht relevanter  
Literatur zu unterscheiden (EBEL et al. 2012, S. 447).

## (2) The short reference

A compact reference in the text. It is usually placed in brackets.

**In the bibliography** Ebel, H.F., Bliefert, C. and Greulich, W., 2012.  
**(Example)** Schreiben und Publizieren in den Naturwissenschaften.  
Wiley, Weinheim.

## (3) The full reference

A detailed list of sources at the end of the paper.
